

Square tube shield T-pole

Nemtek brackets are made to a high standard to maximise security and ensure long life in the field. The level of security achieved is directly affected by the choice of bracket, the number of wires forming the electrical barrier and the distance between the brackets. Nemtek offers a large range of brackets to suit most wall types and applications. They are made from steel and are finished in a high quality outdoor powder coating, or are hot-dip galvanised for coastal conditions. Our factory can manufacture different types of designs and finishes on request.

Specifications:

- 8 wires offering
- Powder coated or hot dip galvanised finish
- Large base plate for stronger mounting (footing)
- 760 mm long
- Associated insulator; Shield insulator
